

Labor is a \$25T/year market.

More than \$400B/year is spent on recruiting and interviewing.

We use algorithms instead of recruiters to match the best talent with the best opportunities. Labor arrives by parachute when employers click “buy”.

# Competition

Kelly - \$5.5B/year revenue

TaskRabbit - \$38M VC

Gild - \$26M VC

We make 10% on every job match.
